

Good Shepherd Center hopes you had a wonderful summer! We trust you got out and enjoyed some downtime with your loved ones? As we wind up the last bits of summer and look forward to the beautiful autumn colors and cool fall breezes we ask that you review the information in this newsletter carefully. For those of you who attended summer training we want your feedback about what we offered. In fact we heard from some of you who joined us for the adult fieldtrip workshops at the Chicago Children's Museum, saying, "that was time well spent" or noting the format made it totally worth your time! Great to hear!

Additionally, as this training season begins we are suggesting you plan ahead for training thinking about the entire year taking 3-4 trainings per quarter. Search for topics you know you want to learn more about. When choosing workshops take special note of the level of the class you are choosing realizing you can certainly be at an introductory level in a new area of interest or at an advanced level for a topic in which you are ready to utilize in-depth critical thinking skills to gain knowledge. We have done our best at hearing your requests for training while staying aware of hot topics and trends in Early Care & Education.

Also as we begin the year take note of the new the formatting in the Illinois Action for Children Early Care & Education Resources Catalog (otherwise known as the yellow training book) and let us know what you think. Finally, as you register write down what workshops you take; put them on your calendar so you do not loose track of your trainings. Remember when you do not show up you are taking away a spot of from a fellow provider. Registrations begins September 12th you can walk-in, call, or fax your requests We are reminding you once again, we will no longer accept cash payments for any trainings.

Good Shepherd Center, esperamos que su verano haya sido maravilloso! Confiamos en haya disfrutado de sus actividades afuera con sus pequeños ? A medida en que el verano se acaba y esperamos la brisa fresca y los hermosos colores del otoño, le pedimos que revise cuidadosamente la información contenida en este boletín. Para todos los que asistieron a las capacitaciones del calendario de verano queremos saber de sus comentarios acerca de estos talleres. De hecho hemos escuchado algunos comentarios de ustedes que nos acompañaron a los paseos para adultos en el Museo de los Niños de Chicago, y cito, "fue un tiempo maravilloso y bien aprovechado" o, la forma en que se organizo fue digno para aprovechar el tiempo! Es bueno escucharlos:

Además, como estamos por comenzar nuestra temporada nueva de capacitaciones le estamos sugiriendo planifique todo el año inscribiéndose a 3 o 4 clases por trimestre. Busque temas en los que sabe que quiere aprender más. Al elegir los talleres, tome en cuenta sobre el nivel de la clase en el que usted está, eligiendo así , sin duda, podrá saber si está en el nivel de principiante en una nueva área de interés o en un nivel más avanzado, para un tema en el que están dispuestos a utilizar el pensamiento crítico al adquirir nuevas habilidades y conocimientos. Hemos hecho nuestro mejor esfuerzo tomando en cuenta sus sugerencias para nuestros talleres con temas de actualidad y las últimas tendencias en Cuidado y Educación Temprana.

También comenzamos el año con un nuevo formato del Catalogo de Recursos y Talleres para Proveedoras de Illinois Action for Children (también conocido como el libro amarillo de talleres) queremos saber lo que piensa. Finalmente, cuando se inscriba, escriba los talleres que desea asistir, márquelos en su agenda para que no se olviden sus entrenamientos. Recuerde que cuando usted no se presenta le está quitando la oportunidad a otro proveedor(a) y a usted se le marcara que no se presentó . Las inscripciones inician el 12 de septiembre puede inscribirse personalmente, llamar o enviar un fax. También recuerde una vez más, ya no aceptamos pagos en efectivo para cualquier de nuestros talleres.
